

International Telephone and Fax from China

Caution: Overseas calls rates can be quite expensive. IP (Internet Protocol) prepaid cards are freely available through kiosks and stores and average 60% off the standard domestic and international call rates.

PRECAUTIONARY NOTE – BUYING IP CARDS: When purchasing IP Cards remember that the “face value” indicated on the card (25 to 200 RMB) is the total value of calls permitted at full rate. The cards are automatically discounted 60%, with the re-seller receiving 5-10 RMB. Therefore, the most you should pay for an IP Card is about 50% of its “face value” or less; e.g., a 100 RMB card should cost between 45 & 50 RMB.
